

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF UTTAM DISTILLERIES LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of **UTTAM DISTILLERIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss and the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to financial statement including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, thereof ("Ind AS ") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the Loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report: -

S.NO	KEY AUDIT MATTERS	AUDITOR'S RESPONSE
1	<p>Revenue recognition Refer to note no 2.4 to the financial statements. The Company principally generates revenue from sale of distillery products and its by product DDGS and DWGS</p> <p>We identified revenue recognition as a key audit matter because it is one of the key performance indicators of the Company and gives rise to an inherent risk of misstatement to meet expectations or targets.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> •Obtaining an understanding of the process relating to recording of sales and testing the design, implementation and operating effectiveness of relevant key internal controls over recording of sales. •Assessing the appropriateness of the Company's accounting policy for recording of sales and compliance of the policy with applicable accounting standards. •Comparing a sample of sale transactions recorded during the year with sales orders, sales invoices, delivery challans and other relevant underlying documents. •Comparing a sample of sale transactions recorded near the year end with the sales orders, sales invoices, delivery challans and other relevant underlying documentation to assess if the sale was recorded in the appropriate accounting period. •Inspecting on a sample basis, credit notes issued near to and subsequent to year end to evaluate whether the adjustments to sales had been accurately recorded in the appropriate accounting period; and •Scanning for any manual journal entries relating to sales recorded during and near the year end which were considered to be material or other specific risk-based criteria for inspecting underlying documentation.
2..	<p>Valuation of Inventories Refer note no.11 to the financial statements. We identified valuation of inventories as a key audit matter as it involves significant management judgments in determining the carrying value of stock.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> • Assessing the appropriateness of Company's accounting policy for valuation of stock and compliance of the policy with the requirements of the prevailing accounting standards; • Obtaining an understanding of internal controls over valuation of stock and testing, on

		<p>a sample basis, their design, implementation and operating effectiveness;</p> <ul style="list-style-type: none"> • Obtaining an understanding and assessing reasonableness of the management's determination of net realizable value (NRV) and the key estimates adopted, including future selling prices and costs necessary to make the sales and their basis; and • Comparing the NRV, on a sample basis, to the cost of stock-in-trade to assess whether any adjustments are required to the value of stock in trade in accordance with the accounting policy.
3.	<p>Capitalization of property, plant and equipment Refer note no. 4 to the Financial Statements. The Company has made significant capital expenditure on New Plant, modernization. We identified capitalization of property, plant and equipment as a key audit matter because there is a risk that amounts being capitalized may not meet the capitalization criteria with related implications on depreciation charge for the year.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> • Obtaining an understanding of and testing the design, implementation and operating effectiveness of management's key internal control over capital expenditure; • Comparing on sample basis, the costs incurred on projects with supporting documentation and contracts; • Assessing the nature of costs incurred for the capital projects for appropriateness by comparing, on sample basis, amounts recorded with underlying documentation and considering that the expenditure meets the criteria for capitalization as per the applicable accounting standards; • Inspecting supporting documents for the date of capitalization when project assets were ready for its intended use to assess that depreciation commenced and further capitalization of costs ceased from that date and to assess the useful life assigned by management including testing the calculation of related depreciation.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian accounting standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended thereof.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of aforesaid financial statement.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) relevant Rules, 2015, as amended, thereof.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note no. 23 to the financial statement).

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. The company was not required to transfer, any amount to the Investor Education and Protection Fund.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Board of Directors of the Company have neither declared any interim dividend nor proposed any final dividend for the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same, has operated throughout the year for all relevant transactions recorded in the software.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE TO THE AUDITORS' REPORT

Annexure A to the Independent Auditors' Report to the members of Uttam Distilleries Limited on its financial statements dated 22nd May, 2025

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that: -

- i) (a) (A) The Company has maintained records showing full particulars including quantitative details and situations of its Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particular of Intangible Assets.
- (b) The company has physically verified the Property, Plant and Equipment. In accordance with a phased program designed by the management to cover all the items over a regular period of time which, in our opinion, is reasonable having regards to the size of the Company and the nature of its assets. Pursuant to the program, a portion of the Property, Plant and Equipment has been physically verified by the management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of the immovable property as disclosed in the Property, Plant and Equipment (note No.4 to the Ind AS financial statements) are held in the name of the Company,
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year. Accordingly, reporting under clause 3(i)(d) of the order is not applicable to the company.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the order is not applicable to the company.

- ii)(a) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on verification between the physical stocks and the book records in each class of inventory is less than 10% and have been properly dealt with in the books of accounts.
- (b) The Company has during the year sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, from banks on the basis of security of current assets and based on our examination and verification the quarterly returns or statement filed by the company they are in agreement to books of account except value of inventory of hypothecation stock of Ethanol and ENA provided to bank which is valued in accordance with terms and condition of sanction letter and RBI Guidelines at average Net realizable value whereas in the books of account same has been considered at lower of Cost or Net realizable value in accordance with the Indian Accounting Standard.

The detail of difference in value is here under: -

(Rs. in Lakhs)

Quarter	Value of Ethanol & ENA as per Books at lower of cost or Net realizable value	Value of Ethanol & ENA as per Stock Statement at Realizable value	Difference
1st Quarter ended 30.06.2024	609.66	611.81	2.15
	(0.00)	(0.00)	(0.00)
2nd Quarter ended 30.09.2024	178.15	178.15	0.00
	(0.00)	(0.00)	(0.00)
3rd Quarter ended 31.12.2024	407.25	400.30	-6.95
	(0.00)	(0.00)	(0.00)
4th Quarter ended 31.03.2025	1359.85	1393.90	34.05
	(0.00)	(0.00)	(0.00)

- iii) (a) The Company has made investment in company during the year as under:-

Particulars	Rs. in Lakhs
Aggregate amount Invested during the year	
- Holding Company	-
- Related Party	-
- Other	-
Balance of Investment outstanding as at balance sheet date in respect of above cases	
- Holding Company	7.63
- Related Party	-
- Other	-

Further the Company has not made investments in Firms and Limited Liability Partnerships and any other company during the year. Further the Company has not granted any loan or provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or any other parties.

- (b) In our opinion, the investments made, are, prima facie, not Prejudicial to the interest of the company
- (c) The Company has not granted any loan during the reporting period. Hence, reporting under clause 3(iii)(c)(d)(e)(f) of the Order are not applicable.
- iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of investments made during the year.
- v) On the basis of information and explanations given to us and our scrutiny of Company's records, in our opinion, the Company has not accepted any public deposits within the meaning of section 73 to 76 or any other relevant provisions of the Act and the rules frames there under. The directives issued by the Reserve Bank of India are not applicable to the Company.
- vi) We have broadly reviewed the books of account maintained by the Company in respect of products pursuant to the order made by the Central Government for the maintenance of the cost records under section 148 of the Act and are of the opinion that, prima-facie, the prescribed account and records have been maintained and are being made up. We however as not required have not made

a detailed examination of such records with a view to determine whether these are accurate or complete.

- vii) (a) According to the information and explanations given to us the Company is regular in depositing with appropriate authorities, undisputed statutory dues including Goods and service tax, Provident Fund, Income Tax, Customs Duty, Excise Duty, Value added Tax, Cess, Regulatory fees/administrative charges and other statutory dues applicable to it with appropriate authorities. As explained to us, the provisions of Employees State Insurance are not applicable to the Company. Further, there were no arrears of undisputed statutory dues outstanding as at 31st March, 2025 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no tax dues of income-tax, sales-tax, service tax, custom duty, excise duty, value added tax which have not been deposited on account of any dispute.
- viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix) (a) In our opinion and according to the information and explanations company has not defaulted in repayment of Loans or other borrowings or in the payment of interest thereon to any lender *except in the following case: -*

Nature of Borrowings, including debt securities	Name of Lenders	Amount not paid on due date	Whether Principal or Interest	No. of delays or unpaid	Remarks, if any
Lease land Installment	Rajasthan State Industrial Development and Investment Corporation against Land	13.33	Principal	Continuously unpaid since 2010	-

- (b) The Company has not been declared willful defaulter by any bank or financial institution or by any other lender.
 - (c) Based upon the audit procedures performed and the information and explanations given by the management, the term loans were applied for the purpose for which they were taken.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) On an overall examination of the financial statements of the Company, the Company has does not have any subsidiary, hence clause no 3(ix)(e) is not applicable to the company.
 - (f) On an overall examination of the financial statements of the Company, the Company does not have any subsidiary, joint venture or Associate company hence clause no 3(ix)(f) is not applicable to the company.
- x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi) (a) No fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) Accordingly, to the information and explanation produced before us by the company no whistle blower complaints have been received by the Company during the year. Accordingly reporting under clause 3(xi) (c) of the order is not applicable.
- xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) of the Order are not applicable to the Company.
- xiii) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by applicable Indian Accounting Standard.
- xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year, in determining the nature, timing and extent of our audit procedures.

- xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) The Company has incurred cash losses during the financial year covered by audit amounting to Rs 587.71 Lakhs and Rs 36.94 Lakhs in the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors of the company during the year and accordingly reporting under clause 3(xviii) of the Order is not applicable.
- xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx) Since the provision of Section 135 of the Companies Act, for the time being do not apply to the Company accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Uttam Distilleries Limited** ("the Company") as at 31 March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment,

including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes on Financial Statements for the year ended 31st March 2025

Note No. 1 Corporate Information

Uttam Distilleries Limited. ("UDL" or the Company) is a public limited Company incorporated and domiciled in India. The registered office of the Company is situated at 7C 1st Floor, J-Block Shopping Centre Saket, New Delhi, Delhi, India - 110017.

The Company is engaged in the manufacture of Industrial Alcohol. The financial statements of the Company are for the year ended 31st March, 2025 and are prepared in Indian Rupees being the functional currency. The values in Rupees are rounded off to nearest rupee in lakhs up to two decimals, except otherwise indicated.

The financial statements for the year ended 31st March, 2025 was approved by the Board of Directors of the Company on 22nd May 2025 and is subject to the adoption by the shareholders in the Annual General Meeting.

Note No. 2 Material accounting policies

2.1 Statement of compliance with Ind AS

The financial statements of the Company have been prepared to comply with the Indian Accounting Standards ("Ind AS") notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended with effect from 1st April, 2016) read with Section 133 of the Companies Act, 2013. Up to the year ended March 31, 2024, the Company has prepared its financial statements in accordance with the requirement of Indian GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". These financial statements are the Company's first Ind AS financial statements and are covered by Ind AS 101- First time adoption of Indian Accounting Standards. The date of transition to Ind AS is April 1, 2023.

Refer Note No. 37 for the details of first-time adoption exemptions availed by the Company and reconciliation of the reserves on transition date and the profit for the previous year as per Ind AS and previous GAAP. All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (India Accounting Standards) Rules 2015 (As amended) till the financial statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

The company has assessed the materiality of the accounting policy information which involves exercising judgements and considering both qualitative and quantitative factors by taking into account not only the size and nature of the item or condition but also the characteristics of the transactions, events or conditions that could make the information more likely to impact on the decisions of the users of the financial statements.

Entity's conclusion that an accounting policy is immaterial does not affect the disclosures requirements set out in the accounting standards.

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (India Accounting Standards) Rules 2015 (As amended) till the financial statements are

UTTAM DISTILLERIES LIMITED

(CIN UI5520DL2004PLC128347)

approved for issue by the Board of Directors has been considered in preparing these financial statements.

2.2 Basis of preparation

These financial statements have been prepared in accordance with Ind AS under the historical cost basis except for the following.

- i) Certain financial assets and financial liabilities – measured at fair value and
- ii) Defined benefits plan- plan assets measured at fair value.
- iii) Biological assets that are measured at fair value, assets held for sale which is measured at lower of cost and fair value less cost to sell.

Accounting Policies have been consistently applied except where a newly issued IND AS is initially accepted or a revision to an existing IND AS requiring change in the accounting policies hitherto in use.

2.3 The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realized within twelve months after the reporting period,
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, or
- v) Carrying current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle,
- ii) It is held primarily for the purpose of trading,
- iii) It is due to be settled within twelve months after the reporting period,
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, or
- v) It includes current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

2.4 Revenue recognition

Revenue from sale of product is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of the product.

At contract inception, the Company assess the goods promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue from contracts with customers is recognized when control of goods or services are transferred to customers and the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

Revenue is measured at the fair value of the consideration received or receivables, net of returns and allowances, trade discounts and volume rebates. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specific of each arrangement..

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the "effective interest rate" that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's gross carrying amount.

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

All other incomes are accounted for on accrual basis.

2.5 Expenses

All expenses are accounted for on accrual basis.

2.6 Property, plant and equipment and Capital work in progress (CWIP)

All property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Free hold land is not depreciated. The cost of an asset includes the purchase cost of materials, including import duties and non-refundable/creditable taxes and any directly attributable cost of bringing an asset to the location and condition of its intended use and costs of dismantling and removing the item and restoring the site on which it is located, interest on borrowing used to finance the construction of qualifying assets are capitalized as part of the cost of the asset until such time that the asset is ready for its intended use.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major refurbishment is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are recognized in statement of profit and loss as incurred.

Items of spare parts, stand-by equipment and servicing equipment which meet the definition of property, plant and equipment are capitalized. Other spare parts are carried as inventory and recognized in the statement of profit and loss on consumption. When parts of an item of PPE have different useful lives, they are accounted for as separate component.

Directly attributable expenditure (including finance cost relating to borrowed funds for construction or acquisition of fixed assets) incurred on projects under implementation are treated as pre-operative expenses pending allocation to the assets and are shown under CWIP, CWIP is stated at the amount expended up to balance sheet date on assets or property, plant and equipment that are not yet ready for their intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The cost and related accumulated depreciation are eliminated from the financial statements upon disposal/ sale or retirement of the asset and the resultant gains or losses (difference between the sale proceeds and the carrying amount of the assets) are recognized in the Statement of profit and Loss.

2.7 Depreciation methods, estimated useful lives and residual value

- a) Depreciation on property, plant and equipment is provided on Straight Line basis so as to charge the cost of the assets or the amount substituted for costs in case of revalued assets less its residual value over the useful life of the respective asset as prescribed under part C of Schedule II to the Companies Act, 2013. Residual value has been considered as 5% of the cost of the respective assets.
- b) Intangible Assets are amortized over a period of economic benefits not exceeding ten years.
- c) Depreciation/amortization on assets added, sold or discarded during the year is provided on pro – rata basis.

2.8 Intangible assets (Computer software)

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization/depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use. An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

2.9 Inventories

Inventories (other than By-products) are valued at lower of cost or net realizable value.

Inventories on stock in trade are valued at lower of cost or net realizable value.

Cost of inventories has been determined on current cost.

Chemicals, packing material and other store & spares at purchase cost including incidental expenses on -weighted average basis.

Cost of finished goods and Work in Progress has been worked out on absorption cost basis.

By- products and residuals are valued at net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Assessment of net realizable value is made at each subsequent reporting date. When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount so written-down is adjusted in terms of policy as stated above.

2.10 Government Grants

Government grants are recognized at fair value when there is reasonable assurance that the grant would be received and the Company would comply with all the conditions attached with them.

Government grants related to property, plant and equipment are treated as deferred revenue (included under non-current liabilities with current portion considered under current liabilities) and are recognized and credited in the statement of profit and loss on systematic and rational basis and included under other income.

Government grants related to revenue nature are recognized on a systematic basis in the Statement of profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate and are adjusted with the related expenditure.

(If not related to a specific expenditure, it is taken as income and presented under: other Income)

2.11 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Interest income

earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are charged to the profit and loss statement in the period in which they are incurred.

Preference Shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognized as finance cost in the Statement of Profit and Loss.

2.12 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee the Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

The right-of-use assets are disclosed in Property, Plant and Equipment (see Note 3).

Lease Liabilities At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a

change in the assessment of an option to purchase the underlying asset. Lease liabilities are included in Other financial liabilities.

Short-term lease and lease of low-value assets The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of twelve months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of offices, godowns, equipment, etc. that are of low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

2.13 Provisions, contingent liabilities and contingent assets.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability when discounting is used, the increase in the passage of time is recognized as finance costs.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an out flow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is liability that can't be recognized because it can't be measured reliably.

A contingent liability is not recognized in the financial statements, but discloses its existence in the Financial Statement

When the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.14 Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Monetary items denominated in foreign currencies at the year ended translated at the year ended rates which is likely to be realized from, or required to disburse at the balance sheet date. Exchange differences arising on settlement of monetary items at rates different from those at which they were initially recorded / reported in financial statements are recognized as income or expense in the year in which they arise.

Non-monetary items which are carried at historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial transaction.

2.15 Employee benefits.

- a) Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement Profit & Loss Account of the period in which the related service is rendered.
- b) Long-term employee benefits are recognized as an expense in the Statement Profit & Loss Account for the year in which the employee has rendered services.

Defined Benefit Plans

The Company's liabilities on account of gratuity and earned leaves on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'.

i.) Compensated absences

Accumulated leave, which is expected to be utilized within next 12 months, is treated as short term employee benefit and this is shown under current provisions in the Balance Sheet. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefits and shown under long term provisions in the Balance sheet.

ii) Gratuity

The Company provides for retirement benefits in the form of gratuity. The Company's liability towards this benefit is determined on the basis of actuarial valuation using projected unit credit method at the date of Balance sheet. Actuarial gain and Losses in respect of such benefits are recognized in Other Comprehensive Income.

2.16 Financial instruments

A Financial instrument is any contract that gives rise to financial assets of one entity and a financial liability or equity instrument of another party.

A. Financial Assets

a. Initial recognition

The Company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement. Financial instruments are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial instruments are recognized initially at fair value plus transactions costs that are directly attributable to the acquisition or issue of the financial instrument, except for financial assets at fair value through statement of profit and loss, which are initially measured at fair value, excluding transaction costs (which is recognized in statement of profit and loss).

b. Subsequent measurement

i.) Financial assets carried at amortized cost (AC)

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii.) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii.) Financial assets at fair value through statement of profit and loss (FVTPL)

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value either as at FVTOCI or FVTPL. The Company makes such election on instrument-by-instrument basis. For equity instruments measured as at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognized in the OCI. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss account.

c. De-recognition

A Financial Assets (or where applicable, part of financial assets) is primarily derecognized when:

1. The contractual right to receive cash flows from the assets have expired or
2. The Company has transferred its right to receive cash flow from the financial assets and subsequently all the risks and rewards of ownership of the assets to third party.

d. Reclassification of financial assets:

Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities.

e. Impairment of financial assets

The Company recognized loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through Statement of Profit and loss. Loss allowance for trade receivable with no significant financing component is measured at an amount equal to life time ECL

For all other financial assets, expected credit loss are measured at an amount equal to the twelve-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

B. Financial liabilities

a. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans and borrowings and payables, net of directly attributable cost. The Company's financial liabilities include trade and other payable, loans and borrowing including bank over drafts, financial guarantee contracts and derivative financial instruments. Fees of recurring nature are directly recognized in statement of profit and loss as finance cost.

b. Subsequent measurement:

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

i.) Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in statement of profit and loss when liabilities are de-recognized. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance cost in the statement of profit and loss.

ii.) Compound financial instruments

At the issue date the fair value of the liability component of a compound instrument is estimated using the market interest rate for a similar non-convertible instrument. This amount is recorded as a liability at amortized cost using the effective interest method until extinguished upon conversion or at the instrument's redemption date. The equity component is determined as the difference of the amount of the liability component from the fair value of the instrument. This is recognized in equity, net of income tax effects, and is not subsequently re-measured.

c. De-recognition of financial instruments

A financial liability is derecognized where the obligation under the liability is discharged or cancelled or expires where an existing financial liability is replaced by another from the same tender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and Loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

e) Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement" (Ind AS – 113).

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the Company being evaluated, the nature of industry in which it operates, the Company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

f) Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

2.17 Impairment Non-financial assets

The carrying amount of any property, plant and equipment and intangible assets with finite lives are reviewed at each balance sheet date, if there is any indication of impairment based on internal /external factor. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

An impairment loss is charged to the Statement of Profit and loss in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount. At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

2.18 Taxes

Income tax expense comprises current tax and deferred tax and is recognized in the Statement of Profit and Loss except to the extent it relates to items directly recognized in Equity or in Other Comprehensive Income (OCI).

Current tax

Provision for current tax is made with reference to taxable income computed for the accounting period for which the financial statements are prepared by applying the tax rates and laws that are enacted or substantively enacted at the balance sheet date. The tax is recognized in statement of profit and loss, except to the extent that it related to items recognized in the OCI or in other equity. In this case, the tax is also recognized in other comprehensive income and other equity.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

Deferred tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilized. .

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be recovered.

Unrecognized deferred tax assets are re-assessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.19 Earnings per Share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit/loss before other comprehensive income/loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit/loss before other comprehensive income/loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

2.20 Non-current assets (or disposal groups) held for sale and discontinued operations

- a) Non-current assets (or disposal groups) are classified as held for sale if their carrying amount would be recovered principally through a sale/distribution rather than through continuing use and a sale/distribution is considered highly probable.

Actions required to complete the sale/distribution should indicate that it is unlikely that significant changes to the sale/ distribution would be made or that the decision to sell/distribute would be withdrawn. Management must be committed to sale/distribution expected within one year from the date of classification.

- b) Immediately before the initial classification of the assets (and disposal groups) as held for sale, the carrying amount of the assets (or all the assets and liabilities in the disposal groups) are measured in accordance with their applicable accounting policy.

Non-current assets (or disposal groups) held for sale/for distribution to owners are subsequently measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits and financial assets which are specifically exempt from this requirement.

- c) Non-current assets including those that are part of a disposal group (PPE and Intangible assets) once classified as held for sale/ distribution to owners are neither depreciated nor amortized. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognized.
- d) Non-current assets (including assets of a disposal group) classified as held for sale are presented separately from the other assets in the Balance sheet. The liabilities of a disposal group classified as held for sale/distribution are presented separately from other liabilities in the Balance sheet.
- e) A disposal group qualifies as discontinued operation, if it is a component of equity that has either being disposed of or is classified as Held for sale, and that represents a separate major line of business or geographical area of operations, or is part of a single co-ordinate plan to dispose of a separate major line of business or geographical area of operations or is a subsidiary exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately as a single amount as profit or loss after tax from discontinued operations in the Statement of Profit and Loss and comparative information is restated accordingly.

- f) All notes to the financial statements mainly include amounts for continuing operations, unless stated otherwise

2.21 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue are accounted for based on the cost price. Revenue, expenses, assets and liabilities which are not allocable to segments on a reasonable basis, are included under "Unallocated revenue/ expenses/ assets/ liabilities".

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director who makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole

2.22 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and debit balance of cash credit account if any and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.23 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Note No. : 2A Key accounting judgment, estimates and assumptions

The preparation of the financial statements requires the use of accounting estimates, which, by definition would seldom equal the actual results. Management also needs to exercise judgment and make certain assumptions in applying the Company accounting policies and preparation of financial statements

The use of such estimates, judgments and assumptions affects the reported amounts of revenue, expenses, assets and liabilities including the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Estimates and assumptions

The Company has based its assumptions and estimates on parameters available when the financial statement was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are described below.

i) **Depreciation and useful lives of property, plant and equipment:** Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets

annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

ii) **Income Tax:** Management judgment is required for calculation of income tax and deferred tax assets and liabilities. Deferred tax assets are recognized for unused losses (carry forward of prior years' losses) to the extent that it is probable that taxable profit would be available against which the losses could be utilized. The Company reviews at each balance sheet date the carrying amount of deferred tax. The factor used in estimate may differ from actual outcome which may lead to significant adjustment in the amounts in financial statement.

iii) **Recoverability of trade receivable:** Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

iv) **Provisions for contingencies:** Provisions are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgment to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

v) **Impairment of non-financial assets:** The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

vi) **Estimation of Defined benefit obligations**

The Company's obligation on account of gratuity and compensated absences is determined based on actuarial valuation.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

UTTAM DISTILLERIES LIMITED
(CIN UI5520DL2004PLC 128347)

vii) **Impairment of financial assets:** The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

viii) **Fair value measurement of financial instruments:**

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in active markets, their fair value is measured using valuation technique. The input to these models are taken from the observable market where possible, but if this is not feasible, a review of judgment is required in establishing fair values. Changes in assumption relating to this assumption could affect the fair value of financial instrument.

ix) **Material uncertainty about going concern:** In preparing financial statements, management has made an assessment of Company's ability to continue as a going concern. Financial statements are prepared on a going concern basis. The Management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

b) Terms/rights attached to equity shares

The company has only one class of equity shares having par value of Rs 10 per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors, if any, is subject to the approval of shareholders in Annual General Meeting except in the case of interim dividend. In the event of liquidation of the company the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in the proportion of number of equity shares held by the shareholders.

c) Terms/rights attached to Preference shares

The company has 12% Non-Cumulative Redeemable Preference shares having a par value of Rs.100/- each. The shares are entitled for a dividend of 12% per annum on the capital for the time being paid up there on. The Preference shareholder will have no voting rights except as provided in the Companies Act, 2013. The said shares rank for dividend in priority to the equity shares for the time being of the Company. The said shares shall, in the case of winding up of the company entitled to rank, as regards repayment of capital and arrears of dividend, whether declared or not up to the commencement on the winding up, in priority to equity shares but shall not be entitled to any further participation in profits or assets. The 12% Non-Cumulative Redeemable Preference shares having face value of Rs.100/- each shall be redeemed on the call of the company on or before 31st March, 2031. The company during the year decided and has redeemed its preference share out of the proceeds of the equity shares issued during the year.

- f. The details of performance obligation in terms of Ind AS 115 - Revenue from contracts with customers are as follows:

The Company principally generates revenue from sale of industrial alcohol which mainly constitutes ethanol sold under contracts with Public and Private Oil Marketing Companies and other products to institutional buyers

For sale of Ethanol, sale price is pre-determined based on Expression of Interest /Tender floated from Oil Marketing Companies. The prices are on delivered cost basis at Oil Marketing Companies locations inclusive of all duties/levies/taxes/charges etc. Payment terms is within 21 days after delivery of material and submission of original invoices.

Rectified Spirit, Extra Neutral Alcohol (ENA), etc. are sold on bulk basis to institutional buyers on ex-factory basis as per agreed terms. Revenue is recognized when goods have been shipped to the buyers' specific location as per agreed terms. The payment terms are fixed as per Company's policy which are generally on advance payment basis.

g. Employee Benefits

As per Indian Accounting Standard-19 "Employees Benefits" the disclosures of employee's benefits are as follows:

Defined Contribution Plan:

Employee benefits in the form of provident fund are considered as defined contribution plan. The contribution to the respective funds are made in accordance with the relevant statute and are recognized as expense when employees have rendered service entitling them to the contribution, the contribution to defined contribution plan, recognized as expense in the Statement of Profit and Loss are as under:

(Rs. in lakhs)

Particulars	Current Year	Previous Year
Employer's contribution to provident fund	4.31	0.00
Employer's contribution to pension fund	8.34	0.00
Other administrative expenses	1.09	0.00
Total	13.74	0.00

The Company has made provision for gratuity and leave encashment in the nature of defined benefit obligation on the basis of actuarial valuation as per Ind AS 19. Since the liability has not been funded through a trust or insurer, there are no plan assets.

Defined benefits obligations:

Gratuity

The gratuity plan is governed by the payment of Gratuity Act 1972, under the said Act an employee who has completed five years of service is entitled to specific benefit. The gratuity plan provides a lump sum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member's length of service and salary at retirement age. Liability for gratuity is determined on actuarial basis using projected unit credit method.

Leave Encashment

The employees of the Company are entitled to compensated absences that are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation using the projected unit credit method for the unused entitlement accumulated at the balance sheet date.

UTTAM DISTILLERIES LIMITED

k. Government Grant

The Company is eligible to receive various financial assistance from government authorities. Accordingly, the Company has recognized these government grants in the following manner:

(Rs. in lakhs)

S.No	Particular	Treatment in Accounts	Current Year	Previous Year
2	Interest subvention claims for installation of gain based 40 KLPD distillery plant at Bahadrabad, Haridwar	Reduced from finance cost	215.70	0.00

l. The realization of deferred tax assets in respect of unabsorbed depreciation & carried forward business losses is depended on the generation of future taxable income. Based on the profit during the year and in immediate preceding year, increase in sugar recovery supported by cane development activities and projections of future taxable income over the period in which the deferred tax assets are deductible, management believes that the Company will realize the deferred tax assets in respect of unabsorbed depreciation & carried forward business losses.

m. Rajasthan State Industrial Development and Investment Corporation (RIICO), vide its order dated April 8, 2010, has cancelled the allotment of the plot allotted to the company and later on demanded restoration and retention charges amounting to Rs 204.70 Lakhs (Previous Year 204.70 Lakhs) The Company has filed a writ petition challenging the cancellation and demand of the restoration and retention charges, which is currently pending before the Hon'ble High Court of Jaipur. Pending settlement the company has not provided for the amount in its financial statements and presently the payment made toward allotment to RIICO is appearing in Note No.

Note No. 34 -Financial Risk Framework

The Company's financial liabilities comprise borrowings, capital creditors and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's

financial assets include Loans, trade and other receivables, cash and cash equivalents. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the company's financial risks activities are governed by

appropriate policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market price. Market risk comprises three types of risk interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's borrowing obligations with floating interest rates.

(Rs in Lakhs)

Particulars	As At 31.03.2025	As At 31.03.2024
Variable rate Borrowings	5778.80	3614.64
Fixed rate Borrowings	Nil	Nil

Sensitivity

A reasonably possible change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit and loss by the amount shown below. This analysis assumes all other variables held constant.

Particulars	Increase /decrease in Basic Points		Impact on Profit before Tax		Impact on Equity	
	31.3.2025	31.3.2024	31.3.2025	31.3.2024	31.3.2025	31.3.2024
Increase in Basis Point	50	50	28.89	18.07	28.89	18.07
Decrease in Basis Point	50	50	(28.89)	(18.07)	(28.89)	(18.07)

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates, the company's exposure to the risk of changes in foreign exchange rates relates primarily to the Direct exports made by the company which are made during the year however same is very negligible as compare to total turnover.

Sensitivity

1% increase or decrease in foreign exchange rates will have no material impact on profit

iii) Other risk

a) Regulatory risk

Alcohol industry is dependent on the Government policy (Center & State) as the price of ethanol decided by the Government.

b) Alcohol price risk

Alcohol Prices in domestic market depends primarily on the supply and demand situation. Fluctuation in demand and supply arise on account of the change in the availability and price of alcohol variation in the production capacity of the competitor's availability. The company has mitigated this risk by adding more value-added products by diversifying, thereby utilizing the by-products.

B. Credit risk

Credit risk is the risk that counter party will default on its obligations under a Contractual arrangement leading to a financial loss. The company's sugar sales are mostly on advance payment basis. Power and ethanol are sold to state government companies and petroleum companies; thereby the credit default risk is significantly mitigated. Company has also taken advances and security deposits from its customers / agents, which mitigate the credit risk to an extent Financial assets are written off when there is no reasonable expectation of recovery, however, the company continues to attempt to recover the receivables. Where recoveries are made, these are recognized in the statement of profit and loss.

The ageing of trade receivable is given below:

(Rs. in lakhs)

	Particulars	Up to 6 Months	More than 6 Months	More than one year

31.03.2025	-
Provision /Reversal during the year	
31.03.2024	-
Provision /Reversal during the year	

Balances with Banks – Other Financial Assets

Credit risk from balances with banks is managed in accordance with Company's policy. Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which term deposits are maintained. Generally, term deposits are maintained with banks with which Company has also availed borrowings.

The Company's maximum exposure to credit risk for the components of the balance sheet as at 31st March, 2025 and 31st March, 2024 is the carrying amounts as stated under Note No. 10

C. Liquidity risk

i) Liquidity Risk Management

Liquidity risk is the risk that a company may encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or other financial assets. The Company's objective is to maintain optimum levels of liquidity to meet its cash and its collateral requirements. The company's Management is responsible for liquidity funding as well as settlement. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows

ii) Maturities of financial liabilities

The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

Non derivative financial instruments

b) Loan Covenants:

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowing that define capital structure requirements. The company has complied with these covenants and there have been no breaches in the financial covenants of any interest – bearing loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March 2025 and 31st March, 2024.

Note no. 36

On First Time adoption and IND AS, Explanation of transition to IND AS

These financial statements for the year ended 31st March 2025 are the first financial statements, the company has prepared in accordance with Ind AS.

Accordingly, the company has prepared financial statements; the company has prepared financial statements which comply with Ind AS applicable for the year ended 31st March 2025, with the comparative figures for the year ended March 2024, as described in the summary of significant accounting policy

In preparing these financial statements, the company's opening balance sheet was prepared as at 1st April 2023, i.e the date of the transition of Ind AS.

This note explains the principal adjustments made by the Company and an explanation on how the transition from the previous GAAP to Ind AS has affected its financial statements, including the balance sheet as at 1st April 2023, and the financial statements for the year ended 31st March 2024.

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from the previous GAAP to Ind AS.

Deemed Cost

- a. The Company has elected to continue with carrying value of all property, plant and equipment under the previous GAAP and fair value of free hold land as deemed cost as at the transition date i.e. 1st April 2023 Under the previous GAAP, property, plant and equipment were stated at their original cost (net of accumulated depreciation, amortization and impairment), if any.
- b. The Company has elected to continue with the carrying value of Capital work in progress as recognized under the previous GAAP as deemed cost as at the transition date.
- c. The Company has elected to continue with the carrying value for intangible assets (Trade Mark) as recognized under the previous GAAP as deemed cost as at the transition date, under the previous GAAP, Trade Mark was stated at its original cost, net of accumulated amortization.

Estimates

The estimates as at 1st April 2023 and as at 31st March 2024 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies).

Classification and measurement of Financial Assets

Ind AS 101 requires the de-recognition requirement of Ind AS 109 to be applied prospectively to transactions occurring on or after the date of transition.

Therefore, the Company has not recognized financial assets and liabilities under Ind AS which were derecognized under the previous GAAP as a result of a transaction that occurred before the date of transition.

Footnotes to the reconciliation of equity as at 1st April 2023 and 31st March, 2024 and Statement of profit and Loss for the year ended 31st March 2024.

- a) **Property plant and equipment:** - Under Ind AS the Company has elected to opt for cost model with respect to property, plant and equipments, capital work in progress and computer software except freehold land which is taken at revalued amount.
- b) **Provision for expected credit loss on trade receivables:** - The Company has made impairment for trade receivable as per simplified approach based on the life time expected credit loss model. No impact on the transition date is recognized in opening reserves and changes thereafter in Profit and Loss Account.

Borrowings: - Ind AS requires transaction costs incurred towards origination of borrowing to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognized profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method. Under the previous GAAP, transaction costs incurred in connection with borrowings are accounted upfront and charged to statement of profit and loss for the period in which such transaction costs were incurred. Accordingly, borrowings as at the transition date have been reduced by Rs. 18.58 lakhs and deferred tax of Rs. 3.75 lakhs with a corresponding adjustment to retained earnings.

Deferred tax: - Previous GAAP required deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the year. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which were not required under the previous GAAP.

In addition, the various transitional adjustments lead to temporary differences and consequently deferred tax adjustments have been recognized in correlation to the underlying transaction in retained earnings.

Deferred Revenue (including Government grants): - Under Ind As when loans or similar assistance are provided by the government or related institutes, with an interest rate below market rate, the effect of its favourable interest is regarded as a Government grant. The loan or assistance is initially recognized and measured at fair value and the Government Grants is measured as a difference between the initial carrying value of the loan and the proceeds received. Consequently, Government grant recognized of RS.545.22 lakhs on borrowing

Non-cumulative redeemable Preference Shares: - Ind AS 109 deals with the measurement of financial assets and financial liabilities. Such an instrument is a compound financial instrument, with the liability component being the present value of the redemption amount. The unwinding of the discount on this component is recognized in profit or loss and classified as notional interest expense. Any dividends paid relate to the equity component and, accordingly, are recognized as a distribution of profit or loss. Accordingly, on initial recognition, the fair value of the instrument will be bifurcated into liability and equity component. The fair value of the liability component on initial recognition is determined as the present value of the eventual redemption amount discounted at the market rate of return. The equity component is the residual amount, i.e. the difference between the present value of the liability component and fair value of the instrument as a whole is transferred to Reserves. Consequently the Company has reclassified the Preference shares as financial liability at fair value amounting of Rs 677.59 lakhs in opening balance sheet as on 1.04.2023 and balance amounting of Rs. 105.56 Lakhs is transferred to retained earnings.

i. **Interest Income**

The previous GAAP required the recognition of revenue from interest on time proportion basis. However, Ind AS requires interest on financial assets to be recognized using the effective interest rate method.

Cash Flow Statement

The transition from the previous GAAP to Ind AS has not material impact on Cash Flow Statement, except book overdraft which is considered as part of Cash & cash equivalent.

Cash Flow Statement

The transition from the previous GAAP to Ind AS has not material impact on Cash Flow Statement, except book overdraft which is considered as part of Cash & cash equivalent.

Retained Earnings

Retained earnings as at the transition date has been adjusted consequent to the above Ind AS transitional adjustment.

I) Total Comprehensive Income and Other Comprehensive Income

Under the previous GAAP, the Company did not present total comprehensive income and other comprehensive income. Hence, it has reconciled previous GAAP profit to profit as per Ind AS. Further, the previous GAAP profit is reconciled to other comprehensive income and total comprehensive income as per Ind AS.

38. Other Disclosures

- a. The Company has utilized the borrowings from banks for the specific purpose for which they were taken from banks.
- b. The Company has during the year sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, from banks on the basis of pledge of sugar stocks, the quarterly returns or statement filed by the company they are in agreement to books of account except value of inventory of hypothecated ENA provided to bank which is valued in accordance with terms and condition of sanction letter at average Net realizable value whereas in the books of account same has been considered at lower of Cost or Net realizable value in accordance with the Indian Accounting Standard.

The detail of difference in value is here under: -

(Rs. in Lakhs)

Quarter	Value of Ethanol & ENA as per Books at lower of cost or Net realizable value	Value of Ethanol & ENA as per Stock Statement at Realizable value	Difference
1st Quarter ended 30.06.2023	609.66 (0.00)	611.81 (0.00)	2.15 (0.00)
2nd Quarter ended 30.09.2023	178.15 (0.00)	178.15 (0.00)	0.00 (0.00)
3rd Quarter ended 31.12.2023	407.25 (0.00)	400.30 (0.00)	-6.95 (0.00)
4th Quarter ended 31.03.2024	1359.85 (0.00)	1393.90 (0.00)	34.05 (0.00)

However, company borrowing is not more than value as per books.

- c. The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender except in the following case: -

(Rs. in Lakhs)

Nature of Borrowings, including debt securities	Name of Lenders	Amount not paid on due date	Whether Principal or Interest	No. of delays or unpaid	Remarks, if any
